Linux Magazine ISSN 1471-5678
Linux Magazine is published monthly by Linux New Media Ltd, Manchester, England. Company registered in England.

Sys Admin

This month we look at tools, technologies, and techniques for the next generation of system administrators.

20 CAcert
Save money and stay free with this community-based digital certificate authority.

28 DNSSEC
The Internet name resolution system is vulnerable to attack, but maybe the solution is closer than you think.

34 Right-Size RAID
A few simple calculations will show you whether your storage system is sized for success.

38 OpenNMS
This nifty monitoring tool is ideal for large, geographically distributed networks.

Community Notebook

87 **Doghouse**
maddog ponders putting 2TB of data on a vintage tape drive.

88 **Kernel News**
Zack Brown reports.

90 **Cache**
Mobility and *Smart Developer*.

91 **LISA**
Reporting from the Usenix Large Installation System Admin show.

92 **Projects on the Move**
Time management tools.

95 **SC10**
Sizing up SuperComputing 2010.
